We will continue to look at the program and conduct some studies.</p> <p>B. East Co. Regional Homeless Task Force There were a few regional task force updates from the committee members. #3 Committee is going to train faith-based organizations for general outreach to make sure that everyone is promoting the same message for services and resources. The program is based on the SAMSA training and Crisis House will act as the lead. They are still looking at volunteers to conduct the SPDAT remotely but confidentiality is a factor to consider out on the field. The Behavioral Health committee is doing a SWAT analysis of services available in East County. The Housing committee is looking at emergency transitional housing 1,000 homeless in our region. Salvation Army is going to expand their reunification program and will be conducting case management to track success of program. The Social Services Committee is working with the Chamber Leadership Team to create a website and phone texting system for access to resources. They conducted a focus group through Crisis House with the texting program and received positive feedback. Meetings are continuing with all of the committees and a presentation will be made to City Council on June 13th.</p>	<p>No action.</p> <p>No action.</p>
