

## **STAAND TOGETHER!**

Students Together Against Alcohol 'N Drugs (STAAND) is a unique group of high school and college aged young people with a common vision of living a drug free life! STAAND looks at the community environments that influence substance use either in a positive or permissive manner or supports creativity, success, celebration and unity –alcohol and drug free. STAAND interns stand together!

**STAAND FOR  
SOMETHING  
OR  
FALL FOR  
ANYTHING**

**WHAT DO YOU  
STAAND  
FOR?**

STAAND members often study conditions and document things like alcohol advertising, Messages that normalize marijuana use and the increasing use of prescription drugs to get high. We share our findings with peers, opinion-leaders, the media and decision-makers and advocate for social change.

### **STAAND MEMBERS:**

- Serve their community
- Protect their friends/peers
- Advocated for a better world
- Meet new friends
- Have fun doing meaningful work together!

**STAAND UP!**
